8th BIENNIAL SCIENTIFIC MEETING OF

IHKS INDONESIAN HIP
& KNEE SOCIETY **2024**

August 28th - September 1st 2024 | Pullman Bandung Grand Central

WELCOME SPEECH

President of Indonesian Hip & Knee Society

Dear Esteemed Colleagues,

With utmost humility, I extend a heartfelt invitation to each and every one of you to join us at the 8th Biannual Scientific Meeting of IHKS in Bandung, from August 28th to September 1st 2024.

Here at IHKS, we remain steadfast in our commitment to host scientific events every two years, allowing us to collectively update our knowledge in orthopedic sciences, particularly in the fields of sports, trauma, and arthroplasty.

The two-year interval provides an ideal opportunity to monitor developments and compile them to present to you all. The theme of this meeting, "Conquering Every Day Challenge," reflects our focus not only on discussing new technologies or sophisticated matters but also on addressing the everyday issues encountered in hip and knee, relevant to all orthopedic practitioners. We will delve into the management of commonly encountered daily cases in order to strive for a better patient care.

Bandung was chosen not only for its pleasant atmosphere but also for its accessibility to orthopedic colleagues from all across Indonesia.

Moreover, with the new high-speed Whoosh train, transportation to Bandung will be more convenient and also offering a unique experience. Please do not hesitate to participate in this event; we eagerly anticipate welcoming you to Bandung.

Warm regards,

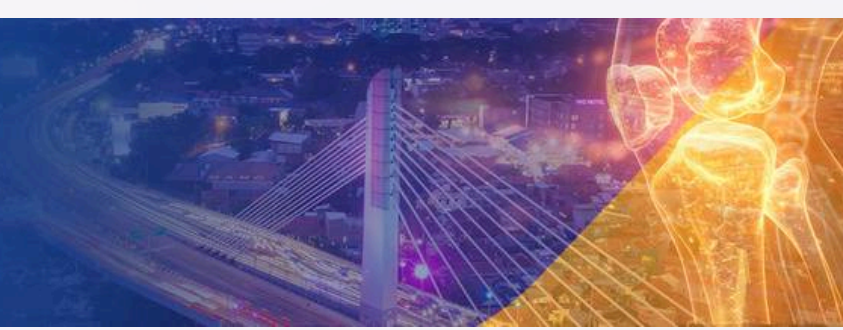

Kiki Novito

8th BIENNIAL SCIENTIFIC MEETING OF **IHKS** INDONESIAN HIP & KNEE SOCIETY **2024**

August 28th - September 1st 2024 | Pullman Bandung Grand Central

WELCOME SPEECH

Chairman of 8th Biannual Scientific Meeting of Indonesian Hip & Knee Society 2024

We cordially invite you to Bandung for the 8th Biannual Scientific Meeting of Indonesian Hip and Knee Society from 28 August to 1 September 2024 at Pullman Bandung Grand Central. Our meeting this time will discuss the most frequently encountered cases in daily practice that need to be known by general orthopedics, practitioners in the musculoskeletal field as well as advanced and complex cases that hip and knee subspecialists must know. In this meeting you can learn and discuss directly from world-renowned experts in arthroplasty, sports injuries and trauma in the hip and knee region.

This 3-day scientific meeting will be preceded by a workshop and comprehensive course lecture to hone your hip and knee surgery skills. There will be more than 30 symposium topics presented by international and Indonesian experts that you can choose according to your educational needs at this meeting. Abstract submissions for e-posters and free podiums have been opened and we invite all of you to present your best scientific work which will be assessed to compete for the Chehab Rukni Hilmy Award.

This meeting is also a golden opportunity for you to see the latest advances in Orthopedic surgery such as artificial intelligence and robotics in the field of hip and knee.

Bandung is the 2024 trending destination according to TripAdvisor based on the Best of the best Destinations Traveler's choice category, which is the only city in Indonesia that is on the World Trending Destinations list, this is due to the friendliness of its people, the beauty of nature and culture and of course the city's special culinary delights.

Bandung was even named the city with the best culinary delights in ASEAN according to the 2023/2024 Taste Atlas.

We hope that you can be part of the international orthopedic meeting in Bandung, that is the 8th Scientific Meeting of IHKS 2024.

See you in Bandung.

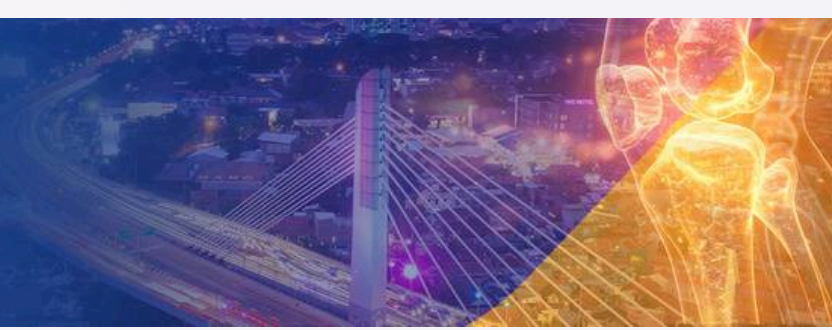

Andre Yanuar
